MAN GENUINE PARTS

WHY MAN GENUINE PARTS

With MAN Genuine Parts it is not trial and error, we know every part that every vehicle was constructed with. We provide you the correct part first time when you need with a quality you can trust.

All MAN Genuine Parts are backed with an international spare parts warranty, we can do this due to the rigorous quality controls MAN Genuine Parts are monitored under.

MAN Genuine Parts are designed specifically for MAN vehicles, this ensures that the installation of MAN Genuine Parts is simplified and provides you confidence of a long service life. Your Total Cost of Ownership can be controlled easier utilizing MAN Genuine Parts.

SIMPLY RELIABLE. ENTIRELY RELIABLE.

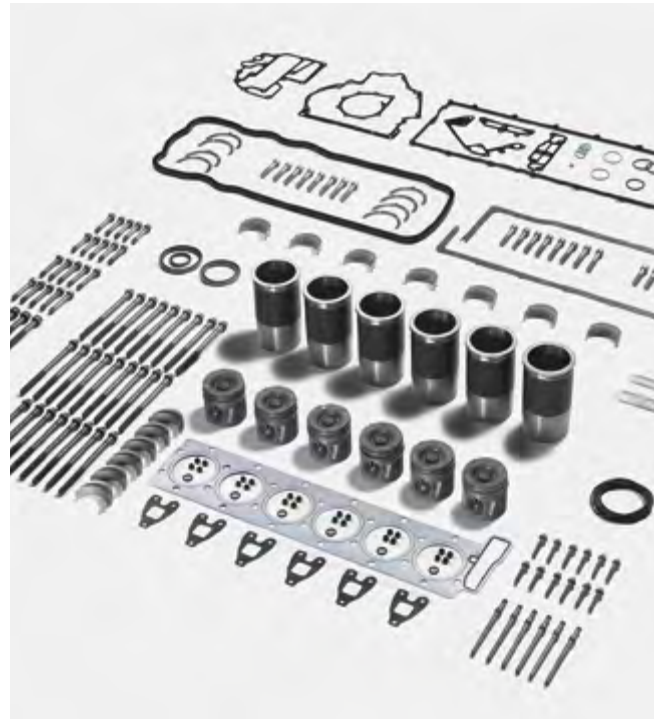

Reliability increases with MAN Parts Service.

This much is sure: MAN Genuine Parts guarantee reliability and safety, ensure less time is spent in workshops and thus more time in operation, contribute to the long-term reduction of operating costs and increase the resale value of a vehicle. You will get the maximum benefit every time from the MAN high quality, a long service life and ensured availability.

Your MAN service outlet is guaranteed to be the best option whenever you need help, the trained technicians of an MAN service outlet using MAN Genuine Parts returns your vehicle to operation in the shortest time efficiently and cost effectively.

MAN PART AVAILABILITY BEST IN CLASS.

The claim to be best in class when it comes to service can only be fulfilled if the availability of MAN Genuine Parts® at short notice can be guaranteed in the long term. For this purpose MAN Truck and Bus have 325,000 parts in the range; 185,000 in stock and 140,000 parts available at short notice. We supply 2,000 shipping addresses in 95 countries and thus ensure worldwide availability of MAN Genuine Parts®. Our goal is always the same: 80% of all relevant parts are available at workshop level always, 95% are available for special delivery. We purchase special parts just for you within one week, so that you are fully operational again. One MAN, one word.

MAN GENUINE PARTS SAFETY

When your vehicle requires service MAN Genuine Parts installed by MAN trained technicians provides you confidence in the safety of your vehicle in operation. MAN Genuine Parts are engineered and extensively tested to ensure the maximum safety of your vehicle in operation.

Using non MAN Genuine Parts could be putting more than your vehicles performance at risk, the life of other road users can also be endangered through the installation of parts that have not undergone the MAN quality assurance process. Is it worth the risk?
